Education Programmes for Young People in Thurrock

16-24 | EHCP

*Learn, grow in confidence, increase
your independence and develop skills
for further study and employment*

Full-time study programmes
tailored to the needs and
personal goals of each
young person

For people with learning disabilities and difficulties, the transition from school to adulthood and greater independence is often a difficult one. The Managing the Transition to Adulthood programmes at Thurrock Adult Community College are aimed at young people, aged 16-24, who have an Education, Health and Care Plan and need some extra support with their next steps into further study, employment, volunteering and/or living independently.

Part of the Local Offer, Thurrock Adult Community College works in partnership with Thurrock Council, Grangewaters and Thurrock Lifestyle Solutions to deliver the programmes. See next page for full details and to register interest.

Thurrock Adult Community College offers two study programmes intended primarily as a next step for young people moving on from year 13, although they may also be suitable for 16 to 18 year olds who are not going on to Sixth Form.

The programmes are aimed at developing the personal, social and life skills required by young adults in Thurrock moving towards further study, working or volunteering and/or Independent living. For those who are just leaving school, it will help to smooth the transition to adult life. Both programmes are college based and timetabled over 5 days a week.

Learn a range of skills, including:

- Working with others
- Attitude and behaviours at work
- Job searching, CVs and application forms
- Interview Techniques.
- Contributing to the Community
- Using Social And Leisure Facilities
- Numeracy for Independent Living
- Healthy Living
- Independent Travel
- Looking After Own Mental Wellbeing
- Personal and Online Safety
- Rights and Responsibilities
- Communicating Effectively/Speaking Up for Yourself
- Understanding Relationships

Each course is adapted to an individual young person's starting point where they can choose options to suit their progression aims. In addition, learners may be able to complete formal accreditations in Maths, English and Digital Skills to enhance their future career prospects. Integral to the classroom-based experience, learners will participate in a wide variety of enrichment activities including outdoor education, taking part in a range of work or volunteering experiences, joining in with community and social groups, and travel training.
