

19+ Discretionary Learner Support Fund (DLSF) & Loans Bursary Policy and Procedure for 2021/22 Academic Year

The DLSF and Loans Bursary Funds are available to support learners who are undergoing financial hardship, which may prevent them from accessing and participating in learning.

To access these support funds, you must meet the personal eligibility rules set out in the Education Skills Funding Agency's guidance.

Funding is limited and any awards are made at the discretion of Thurrock Adult Community College. Once the annual allowance for support funds have been fully allocated, no further awards can be made in the remainder of the academic year. The College reserves the right to amend or change offers of support to best meet the needs of the learners applying to this fund.

Continuing pressures on the College's budget and finances impact on our ability to offer support to individuals. We review our criteria and award amounts yearly to ensure we can offer help to as many learners as possible who are aiming towards finding sustained employment.

You can apply to either fund only if you have lived in the UK for at least 3 years (EU if you have settled or pre-settled status or if you meet any of the exemption rules to the ESFA residency criteria) and your income is:

£23,250.91 or under – those aged 19+

Your degree of financial hardship will be established as part of the application process. You will be required to provide evidence showing your personal income, inclusive of benefits.

Eligibility to claim from either fund does not automatically entitle you to an award and any award made is subject to satisfactory attendance, behaviour and achievement. Overall attendance can be no less than 90%, with full attendance required for every assessment and exams session. If you do not complete your qualification, you will be expected to pay back any funds awarded to you.

It is your responsibility to tell the Department for Work and Pensions about any learner support you are receiving from us, as learner support payments may affect eligibility to state benefits.

Eligibility means those learners who are enrolled on an Adult Skills funded course (level 2 or below) and meet any one of the criteria as listed below, plus the mandatory item f:

- a) Those in receipt of Job Seekers Allowance (JSA), Employment Support Allowance (ESA) or an income based benefit, or on a low income
- b) The unwaged dependant of a person in receipt of JSA, ESA or an income based benefit and is seeking employment
- c) Those taking a Skills for Life programme of study
- d) Adults undertaking a first full level 2
- e) Those aged 19-23 and undertaking a first full level 3

- f) If you have received financial support in previous years, you must have completed the course of study with the required level of attendance and been successful in the qualification aim

There is no automatic entitlement. Applications are based on your total annual gross income.

What can I get funding for?

Course and exam fees (AEB funded courses only)

The Discretionary Learner Support Fund may pay up to a 100% contribution towards your course and exam fees. Fees will be paid directly to the office where the learning takes place. You will be expected to pay any outstanding amount yourself. Contributions will be based on your total annual gross income (see table below).

Childcare (AEB and Adult Learner Loan funded courses)

This is for learners aged 20 and over where childcare is a barrier to learning and who are not already accessing "[Care to Learn](#)" funding. The Discretionary Learner Support Fund or Loans Bursary may help towards childcare costs for the following:

- ✓ The days when you are timetabled to attend the course or examination
- ✓ Attending placements which are compulsory to the successful completion of the course

Your **childcare provider must be Ofsted registered**. A registered childcare provider can be a; Childminder, Crèche or Nursery.

The amounts awarded will depend on personal income and arrangements of student and provider, up to a maximum of £20 per session, per child (any additional/remaining balance will need to be paid for by the learner). Payment is made directly to the childcare provider and will cover only the period the learner is studying/attending lessons (at a venue or online), plus an allowance for travelling time.

Educational Visits and Placements - Travel (AEB and Adult Learner Loan funded courses)

Either Fund may pay a contribution towards the cost of travel for educational visits and placements essential to the course. You cannot claim for travel if you live within 1 mile of the educational visit venue or placement for your course. If you do not drive you must use public transport where available. You will be required to supply evidence such as bus/train tickets. You will not be reimbursed for taxis unless in exceptional circumstances (at the discretion of the College). Mileage is reimbursed at 14.3p/mile.

Books & Equipment - essential (AEB and Adult Learner Loan funded courses)

One or two books might be 'core texts' which are essential for the completion of the course of study. The cost of materials/books is supplied by the Programme Manager/Tutor and any award made will be based on this information. Equipment must be essential to your study, for example: specific clothing required for the course, tools for the trade, devices to aid online access to learning materials etc. This can only be provided where if you were not to have this equipment it would be a barrier to learning. This is at the discretion of the College.

All equipment remains the property of the College and must be returned to the Learner Services/Reception on completion of your course. Failure to do so will result in the cost of any equipment or materials becoming payable.

External Registration Fees (AEB and Adult Learner Loan funded courses)

You can apply for support with DBS check fees, Professional Body Membership fees and any other relevant external fees related to the course if it is an essential requirement of undertaking the qualification. You cannot apply if this is already included in the course fee or where your employer is required to cover these costs (eg. if you are undertaking the course at the request of your employer or as part of your employment requirements). This is at the discretion of the College.

Other, eg. Travel (AEB and Adult Learner Loan funded courses)

In exceptional cases either fund may pay a contribution towards travel to the venue of your course, on lesson days, where this could be a barrier to attending. You will be reimbursed for the amount approved upon providing a valid receipt of travel. This will be copied by the

College for audit purposes and held on file. Failure to provide the required receipt will result in no reimbursement being made. This only applies to those using public transport such as buses, trains and taxis (in exceptional circumstances and only if agreed prior to travelling). Either fund will not contribute towards private transport, car mileage or parking. This is at the discretion of the College.
