

Online Security Tips:

• Strong Passwords: Use unique passwords for different accounts.

Updates: Keep software up-to-date.

Verification: Turn on two-factor authentication.

Password Managers: Use them to keep passwords safe.

• **Data Backup**: Regularly save data to external drives or cloud.

• **Email Caution**: Check sender's identity before sharing emails.

Password Creation: Mix random words and characters for a strong password.

• Privacy Settings: Set social media to private and adjust sharing preferences.

• Lock Devices: Always lock devices to prevent unauthorised access.
